## ESWATINI GENERAL CERTIFICATE OF SECONDARY EDUCATION

---

### INTRODUCTION

The Eswatini General Certificate of Secondary Education (EGCSE) syllabuses are designed as two-year courses for examination in Form 5. The Business Studies syllabus is designed such that it blends different areas in business: Marketing, Human Resource Management, Entrepreneurship, Operations Management, and Economic and Legal and other constraints. It attempts to equip learners with an understanding of business and basic business skills.

The EGCSE syllabuses follow a general pattern. The main sections are: Aims

Assessment Objectives

Assessment

Curriculum Content

Business Studies is an Elective Subject and falls into the following Field of Study Groups: Business Studies, and Technical.

### AIMS

---

The aims of the syllabus are the same for all learners. These aims are set out below and describe the educational purposes of a course in Business Studies for the EGCSE Examination. They are not listed in order of priority.

The aims are to enable learners to:

1. develop skills of numeracy, literacy, enquiry, selection and use of relevant sources of information , presentation and interpretation.
2. develop understanding and proper use of business terminology and concepts;
3. develop basic understanding of the different areas of business and how these interact (Economics, Finance, Human Resources, including Management, Marketing, Entrepreneurship and Legal Systems);
4. appreciate the roles and purposes of business operations in both the public and private sectors;
5. develop an appreciation of the interests of stakeholders in business activity such as consumers, workers, suppliers, shareholders, financiers, government, competitors.
6. appreciate the influence of groups outside business on business decision making and activities of the business;
7. realise the importance of creativity, innovation, technological change, and the need to adapt to changes in the business environment;
8. apply their knowledge and critical understanding to current issues and problems in a wide range of appropriate context;
9. develop skills of selection, and the application, presentation and interpretation of relevant sources of information;
10. distinguish between facts and opinions, and evaluate qualitative and quantitative data in order to help build arguments and make informed judgements.

\

## **PRIOR KNOWLEDGE AND KEY BENEFITS**

Learners who are eligible to study EGCSE Business Studies (6897) must have successfully completed the Eswatini Junior Certificate of Secondary qualification or its equivalent. Candidates who have not done the Junior Certificate Business Studies are also eligible to study the EGCSE Business Studies (6897).

Learners will benefit from this course in that they learn life-long skills such the ability to calculate and interpret data, communication skills needed to support arguments with reasons and ability to analyse business situations and reach decisions or judgements.

## **RECOGNITION AND PROGRESSION**

The EGCSE Qualification is recognised by local universities and colleges, and some institutions outside Eswatini. The EGCSE Business Studies syllabus content gives learners a solid foundation for further study. Candidates who achieve grades A\* to C are well prepared to enter universities locally and in some other countries to pursue a wide range of courses. Some candidates increase their chances of acceptance in universities outside Eswatini by enrolling for the Cambridge International AS, A Levels and or equivalent qualifications.

## **ADDITIONAL INFORMATION**

### **Previous Study**

Learners are not expected to have studied business studies previously in order to be allowed to do the course at this level.

### **Combining with other Syllabuses**

Candidates can take this syllabus alongside any other EGCSE or Prevocational Education syllabuses in a single series. The only exception is IGCSE Business Studies (0450). Private candidates can enter for this syllabus.

### **Availability and retakes**

This syllabus is only available in October/November examination sessions. Candidates can retake the whole qualification as many times as they want, however, both papers should be taken.

### **Grammar, Spelling, Punctuation and Mathematics**

Candidates should display mathematical competence and use business language appropriately. Candidates should also be competent in spelling and punctuation.

### **Previous Study**

Supporting Documents are:

- Past question Papers
- Examiner Reports
- Syllabus

### **Language**

The syllabus is only in English Language

## **CONTENT SUMMARY**

### **1. Understanding business activity**

This section introduces the purpose and nature of business activity and how businesses are classified. It outlines the meaning, purpose and characteristics of entrepreneurs. It also looks at how businesses grow and the criteria used to measure size.

### **2. Types of Business Organisations in the private sector**

The focus of this section identifies the main forms of business organisations and the principles on which they operate. These include the sole trader, partnership, franchise, joint venture, limited companies and close corporations. It also looks at the concept of the organisation structure functions of managers in a business and business communication.

### **3. Principles and marketing strategy**

This section discusses how marketing information is obtained and the marketing mix. It also provides an understanding of how a market strategy may be adapted.

### **4. Human resource Management**

This section focuses on the importance of a well-motivated workforce and outlines different approaches to motivation. It recognises the role of human resource management in an organisation. It also looks at the role of government in protecting workers' rights.

### **5. Operations Management**

The focus of this section is efficient management of business operations. It provides an understanding of how the production process for goods and services can be managed to prevent unwarranted escalation of costs. It also looks at the importance of business location as well as an understanding of the different types of costs revenue in the production.

### **6. Finance and Accounting**

This section discusses the different sources of finance available to businesses. It also show the importance of managing cash flow in a business and interpretation of financial statements: cash flow statement, Income statement (Profit and Loss) and the statement of financial position (Balance sheet).

### **7. The external environment and its influence on business**

This section provides an understanding of how government, economic and other external influences affect the business. It also looks at how businesses can operate in an international context through trade and the importance of technological change in a business.

## ASSESSMENT OBJECTIVES

---

Assessment Objectives (AOs) in Business Studies are:

- AO1** Knowledge with Understanding

## GRADE DESCRIPTIONS

---

The scheme of assessment is intended to encourage positive achievement by all candidates. Grade descriptions are provided to give a general indication of the standards of achievement likely to have been shown by candidates awarded particular grades. The grade awarded will depend on the extent to which the candidate has met the assessment objectives overall and may conceal weakness in one aspect of the examination that is balanced by above-average performance on some other.

Criteria for the standard of achievement likely to have been shown by candidates awarded Grades A, C and F are shown below.

### **A Grade A candidate should demonstrate the following abilities:**

- A Knowledge with understanding
  - An excellent ability to identify detailed facts, conventions and techniques in relation to the content of the syllabus
  - A thorough ability to define the concepts and ideas of the syllabus
- B Application
  - A thorough ability to apply knowledge and understanding, using terms, concepts, theories and methods effectively to address business problems and issues
  - A sound ability to form conclusions from this information and to demonstrate these conclusions clearly and logically
- C Analysis
  - An excellent ability to classify and comment on information presented in various forms
  - An excellent ability to distinguish between evidence and opinion
- D Evaluation
  - A sound ability to make clear, reasoned judgements and communicate them in an accurate and logical manner.

### **A Grade C candidate should demonstrate the following abilities:**

- A Knowledge with understanding
  - A sound ability to identify detailed facts, conventions and techniques in relation to the content of the syllabus
  - A sound ability to define the concepts and ideas of the syllabus
- B Application
  - An ability to apply knowledge and understanding, using terms, concepts, theories and methods appropriately to address problems and issues
  - An ability to draw conclusions, and to present these in a clear manner
- C Analysis
  - A good ability to use and comment on information presented in various forms
  - A sound ability to distinguish between evidence and opinion
- D Evaluation
  - An ability to evaluate and make reasoned judgements.

### **A Grade F candidate should demonstrate the following abilities:**

- A Knowledge with understanding
  - Some ability to identify specific facts, conventions or techniques in relation to the content of the syllabus
  - Some familiarity with definitions of the central concepts and ideas of the syllabus
- B Application
  - A rudimentary ability to apply knowledge and understanding, using terms, concepts, theories and methods appropriately to address problems and issues
- C Analysis
  - Some ability to classify and present data in a simple way and some ability to select relevant information from a set of data
  - Some ability to distinguish between evidence and opinion
- D Evaluation
  - A limited ability to understand implications and make recommendations.

## NOTES FOR GUIDANCE

The aim of these notes is to provide teachers with additional guidance on certain content areas of the syllabus. These notes should be read in conjunction with the main syllabus. Where no further guidance is considered necessary the teaching of the main syllabus content will be entirely adequate to prepare students for the EGCSE examinations.

Topic	Notes for Guidance
1.1.1	Refer to service industry examples such as retailers, hotels and restaurants as well as manufacturing businesses.
1.2.1	Candidates should be able to refer to a number of Eswatini examples from all three sectors of industry.
1.2.3	Candidates should be able to refer to several Eswatini examples of public sector organisations.
1.5.2	Candidates should be aware of vertical, horizontal and conglomerate (diversifying) integration.
2.2.3	Only knowledge of simple organisational charts based on a departmental/functional division of responsibilities is required.
2.4.2	No technical knowledge of how computers work is required but candidates should be aware of the impact of Information Technology on communication within a business and between businesses.
3.5.1	No other pricing techniques or methods will be examined.
4.1.3	No other motivational theories will be examined.
4.6.1	Government controls on business over employment practices can increase business costs. However, they might also lead to a more motivated and loyal workforce as pay and working conditions could have improved as a result of these controls.
5.1.3	It is important to stress that providing services involves operations management decisions as well as producing tangible goods.
5.3.1	Candidates will not be expected to know about direct and indirect costs.
5.3.3	Candidates will not be expected to draw a full break-even graph. Instead they may be asked to complete one by adding axis titles, sales revenue and variable/total costs to a graph that has already been partially drawn.
6.1.4	Sources of finance should be discussed in terms of the type of business organisation (e.g., sole trader or limited company) and in terms of what the finance is needed for.
6.2.3	Candidates should be able to identify the problems connected with using any of these methods to solve a cash flow problem.
6.3.1	Candidates will not be required to draw up a complete profit and loss account from given data.
6.4.1	Candidates will not be required to draw up a complete balance sheet from given data.
7.1.3	Candidates will not be expected to have detailed knowledge of every relevant law nor knowledge about how laws are passed. They will need to be aware of the names of key laws in each of the areas given.  Candidates will be expected to understand and apply the concepts of external costs and benefits but they will not be examined on complex cost benefit analysis situations.

## GLOSSARY OF TERMS

It is hoped that the glossary will prove helpful as a guide, i.e., it is neither exhaustive nor definitive. The glossary has been deliberately kept brief not only with respect to the number of terms included but also to the descriptions of their meanings. Candidates should appreciate that the meaning of a term must depend in part on its context.

In all questions, the number of marks allocated is shown on the examination paper, and should be used as a guide by candidates to how much detail to give or time to spend in answering. In describing a process the mark allocation should guide the candidate about how many steps to include. In explaining why something happens, it guides the candidate on how many reasons to give, or how much detail to give for each reason.

Command words	What it means
<b>ANALYSE</b>	Assess a particular situation and give a result, which may either be positive or negative.
Evaluate /do you agree/ do you think	Consider the merits of a course of action and show awareness of its benefits and drawbacks before reaching a conclusion.
Justify	Make clear the arguments which support a course of action.
<b>Calculate</b>	work out from given facts, figures or information review and respond to given information
<b>Define</b>	give precise meaning
<b>Explain</b>	set out purposes or reasons / make the relationships between things evident / provide why and/or how and support with relevant evidence
<b>Identify</b>	name/select/recognise
<b>State</b>	express in clear terms
<b>Refer/use</b>	On the basis of prior knowledge show how a situation/facts are related/apply to a particular context.

**NB:** Teachers should take note that most of the command words have been excluded, which raises the possibility that most topics included in the subject content could have ‘analysis’ and ‘evaluation’ style questions based on them.

Assessment Objectives	Applicable Command words
AO1 Knowledge	Define, State, Identity
AO2 Application	Calculate, Draw, Use/Refer
AO3 Analysis	Analyse, Compare/Contrast, Consider, Explain how/why
AO4 Evaluation	Advise, Justify, Recommend, Evaluate/Do you think/Do you agree
